

# Raising a Happy, Healthy Parrot

*with Star Avian Rescue*

*Come spend a morning at St. Louis Community College discovering the joys (and overcoming the challenges!) of caring for your pet parrot. Parrots are beautiful, intelligent, sociable, and entertaining ... but they can be loud and messy, too! Love them for what they are; don't expect them to be "dogs with feathers." Caring for a parrot can be very rewarding, so take time to learn how to raise a happy, healthy bird your family will love for many years. Our expert from Star Avian Rescue will show you how to towel a bird to safely restrain them when necessary, how to trim their feathers and toes, how to maintain an optimal living environment for your pet, and how to provide the type of diet that can help extend the life of your pet. This will be a live, hands-on demonstration with a lot of opportunity for questions. (1 session)*
